OUTDOOR THERAPY_

L'esterno e la natura: un caleidoscopio di colori che generano un dialogo ininterrotto tra design e personalità. Le mani vogliono accarezzare, gli occhi vedere e cogliere quei riferimenti del mondo outdoor in cui ci riconosciamo. Ma non solo.

La collezione outdoor seduce senza invadere, in un continuo equilibrismo tra creatività, colore e ricerca della rarità. La suggestione di un intreccio, la texture di una tela, lo spessore di un legno, l'incisione di una pietra si fondono in una luce calante o nel mare di mezzogiorno. La vasta gamma di offerta si colloca in una direzione contemporanea ricca di funzionalità silenziose, ma attente alle novità e a tutto ciò che si definisce design come laboratorio creativo.

Per noi e per la nostra cultura. Una filosofia che ci tiene in contatto con il mondo. E che rende l'esterno più bello.

Outdoor furniture and nature: a kaleidoscope of colours that provoke a dialogue between design and personality. Hands want to touch and eyes want to see and capture the elements of the outdoor world we recognize. But not only.

Our outdoor collection seduces without intruding, in a continuous balancing act of creativity, colour and search for rarity. The evocation of a weave, the texture of a fabric, the thickness of wood and an engraving on a stone come together in the dusk or the mid-day sea. Our wide range of products goes in a contemporary direction and is rich in discreet functionality, but at the same time pays attention to novelty and everything that can be defined as design and used as a creative workshop.

This is a philosophy that keeps us and our culture constantly in touch with the world. And enhances the attraction of the outdoors.

WEAVING ADDICTED_

Così come amiamo gli intrecci, rappresentiamo il concetto di trama per le infinite combinazioni di finiture e le numerose provenienze dei materiali naturali e tecnologici.

Una sottile linea di confine mostra come il linguaggio multimaterico possa rappresentare la nuova cosmesi di un design colto e cosmopolita.

Un vero laboratorio di stile nasce, immagina e si evolve.

Così ogni prodotto celebra la fine di un processo e l'inizio di uno nuovo.

Just as we love weavings, we employ the concept of weave for the infinite combinations of finishes and numerous origins of natural and technological materials. A subtle boundary shows how multi-textured language can represent the new cosmetic effect of cultured, cosmopolitan design.

A true style laboratory is established that applies imagination and evolves.

In this way each product celebrates the end of a process and the beginning of a new one.

PROJECT INSPIRED_

I confini dei nostri progetti non hanno limiti. Il gioco delle seduzioni cromatiche copre fasce di pieni e vuoti scandendone i ritmi. I volumi amano i perimetri amplificati di un tratto progettuale nitido. Come un corpo il prodotto prende forma con una personalità evidente e di semplice ricordo.

Ogni progetto è frutto della creatività dei nostri designer. L'esperienza personale differente, la cultura e le passioni conferiscono un' estetica di linguaggio che di volta in volta veste i nostri prodotti aggiungendo valori unici e distinguibili.

Our projects know no boundaries. A game of seductive colour schemes is played out on strips that alternate full and empty spaces and give them rhythm. The clean stroke of a style that gives extended perimeters excites volumes. Like a body, the product takes shape with a strong personality full of memories.

Every projects is the result of our designer's creativity. Different personal histories, culture and passion lend an aesthetic distinction and unique added values to each product.

DESIGN CHRISTOPHE PILLET

Collezione di basi tavolo realizzata in ferro, in tubo e trafilati pieni di diverse sezioni. Trattata con ciclo C5M per la massima protezione anche in zone ad alta intensità salina. Finitura a polveri in diverse colorazioni. Per solo uso interno, disponibile anche in versione cromata.

Table bases collection in steel rod and flat steel wire in different sections. Treated with C5M cycle for maximum protection also in marine environments with high concentration of saline mist. Powder coated in different colours. Only for indoor use, available also in the chromed version.

ACCESSORI_ *ACCESSORIES*

TELI DI COPERTURA_TARPAULINS

Le cover per proteggere i mobili hanno un trattamento idro-oleorepellente e non sono idonee alla copertura permanete dei cuscini, perché la presenza delle cuciture può determinare un accumulo di umidità e quindi portare alla formazione di macchie di muffa. Prima di coprire i mobili e i cuscini con le cover accertarsi che siano completamente asciutti. Le cover devono essere ripiegate asciutte, per lavarle utilizzare un panno morbido con acqua calda e un detergente delicato, risciacquare con acqua pulita. Non utilizzare solventi per la pulizia in quanto potrebbero danneggiare o scolorire la superficie trattata.

The covers have a necessary water and oil treatment to protect the furnitures. They are not suitable for the cushion covers, because mould stains may be created from the wetness.Cushions and furnitures must be completely dry before being covered and also the covers must be dry before being folded. As for the cleansing a soft cloth could be used with warm water and soft detergent, finishing it by washing it with clean water. Important not to use any cleaning solvents as the surface could be damaged or faded.

TEAK CLEANER_

Un unico prodotto per pulire e lucidare. Per pulire e ripristinare il teak scolorito, sporco, di colore grigio e/o verde.

*Cleaner and brightener in one.
To clean and restore discoloured, dirty, dark grey and/or green teak.*

TEAK PROTECTOR_

Per mantenere il colore originale marrone dorato del teak per un lungo periodo:
- fino a 4 volte più a lungo dell'olio per teak.
- fino a 2 volte più a lungo del sigillante per teak.

*To maintain the original, golden-brown colour of teak for a long time:
- up to 4 times longer than teak-oil
- up to twince as long as teak sealers.*

GLASS CLEANER_

Toglie lo sporco, l'umidità e i piccoli graffi. Per dare al vetro un nuovo aspetto.

Removes dirt, moisture and small scratches. Restores the new look.

GLASS PROTECTOR_

Protegge e lo rende repellente allo sporco e all'acqua. Mantiene il vetro pulito e nuovo per un lungo periodo.

Protects and is dirt/water repellent. Maintains the new look for a long, long time.

CLEANER_

Pulisce e ristabilisce l'aspetto nuovo del metallo.

Removes dirt and moisture and restores the new look.

WAXPOLISH_

Protegge e lo rende repellente allo sporco e all'acqua. Mantiene l'aspetto originale del metallo per un lungo periodo.

Protects and is dirt/water repellent. Maintains the new look for a long, long time.

CLEANER_

Detergente non schiumoso per rivestimenti di sedute e schienali.

Non foaming cleaner for seatings and back covers.

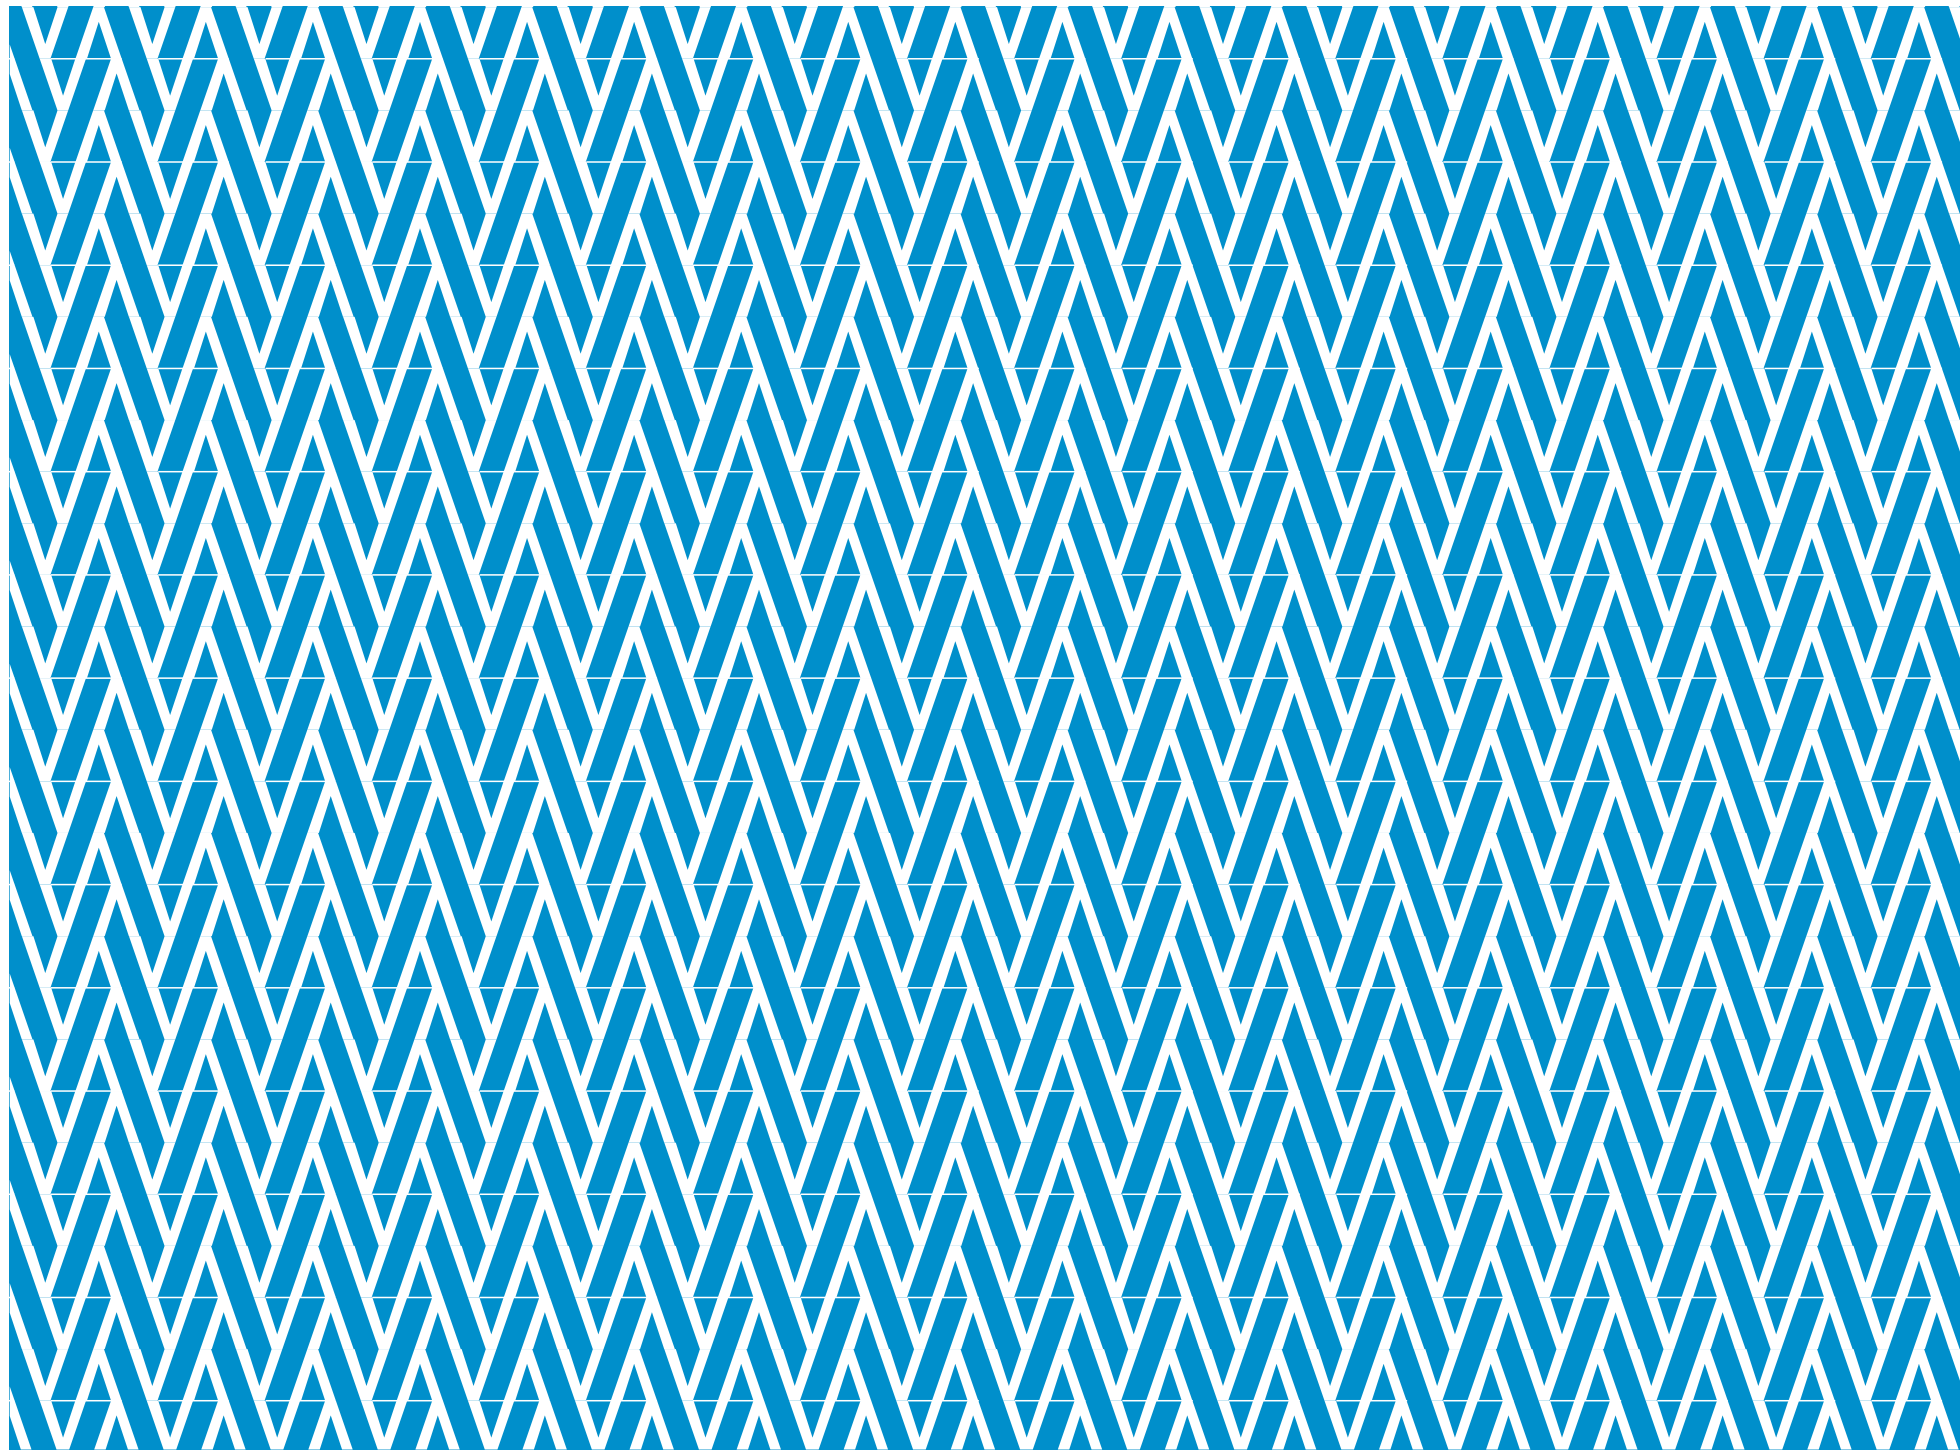

CLEANER FOR WOSENS_

Un detergente speciale non schiumoso per intrecci in fibra sintetica.

A special non-foaming cleaner for synthetic fibres wovens.
